**(vi) Institutional set-up for liquidity risk management :**

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to in the course of conducting its business. The Board approves the governance structure, policies, strategy and the risk limits for the management of liquidity risk.

The Board of Directors has constituted the Asset Liability Committee (ALCO) which functions as the strategic decision-making body for the asset-liability management of the Company from risk return perspective and within the risk appetite approved by the Board. ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds.

ALCO meetings are held once in a quarter.
